

## **Group Health Insurance**

From quotes it appears Great West Life is offering the best cost advantage.

Their cost per plan member for Life insurance is \$7.50 per month.

The cost per plan member for Accidental Death and Dismemberment is \$1.25 per month.

For those who have dependent's the Dependent Life insurance will be \$2.80 per month

The Long Term Disability is dependent on each member's salary. At \$2,000 per month of disability coverage would cost \$53.60. There are members significantly lower than this who would be covered at \$1,322 and so their cost would be \$35.43, so you can see the highs and the low's.

If you are interested in receiving this information and the package quotes via e-mail please sign the attached list and ESCC will forward to you. We hope to sign on with this package in about one month with as many senior serving agencies as possible. –Sheila Hallett, ESCC
