

LEGISLATIVE ASSEMBLY  
ALBERTA

---

**Rachel Notley, MLA**  
Edmonton-Strathcona Constituency

Dear Artist,

Thanks so much for expressing interest in the 2010 Art from the Unknown. I'm incredibly excited to once again be holding an event that saw such great success under my predecessor Dr. Raj Pannu. Edmonton-Strathcona has one of the most active arts and cultural communities in all of Edmonton and I'm proud to host an event that taps into the lifeblood of that community.

Art from the Unknown is geared to display artists who wouldn't generally have the opportunity to display their works in a gallery setting. Space is supplied to the artists to showcase their works and to provide contact information for potential sale.

We will be hosting Art from the Unknown at the Old Strathcona Centre for the Performing Arts/Cosmopolitan Music Society, located at 8426 - Gateway Boulevard. The event will run during the following times:

**October 22, 2010 – 6:00 PM – 10:00 PM - Opening Night Reception w/ Live Music**  
**October 23, 2010 – 10:00 AM – 8:00 PM - General Gallery**  
**October 24, 2010 – 12:00 PM – 4:00 PM - General Gallery**

Artists will be welcome to display their works in the allotted space for the duration of the event. We are able to supply free standing display panels as well as pedestals (plinths) to accommodate a variety of works. The total display area allotted to each artist will be dependent on the number of artists who apply and will therefore be determined once all of the applications have been received. Last year around 23 artists received a standing display area approximately 4 ft. wide and 6 ft. high.

Please fill out the enclosed form and return it to the constituency office by September 10<sup>th</sup>, 2010 to be considered for display at the event. We will do our best to accommodate all entries; however, space and resources are limited so please complete your submission as soon as possible.

I look forward to seeing all of you at the event!

Sincerely,

Rachel Notley, MLA  
Edmonton-Strathcona
